Important Notice

This presentation shall be read in conjunction with OUE Commercial REIT's Financial Results announcement for 1Q 2016 dated 10 May 2016.

This presentation is for information only and does not constitute an invitation or offer to acquire, purchase or subscribe for units in OUE Commercial REIT ("Units"). The value of Units and the income from them, if any, may fall or rise. The Units are not obligations of, deposits in, or guaranteed by, OUE Commercial REIT Management Pte. Ltd. as the Manager of OUE Commercial REIT (the "Manager"), or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested. The past performance of OUE Commercial REIT is not necessarily indicative of the future performance of OUE Commercial REIT.

This presentation may contain forward-looking statements that involve risks and uncertainties. All statements regarding future financial position, operating results, business strategies, plans and future prospects of OUE Commercial REIT are forward-looking statements. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. These forward-looking statements speak only as at the date of this presentation. No assurance can be given that future events will occur, that projections will be achieved, or that assumptions are correct. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income, changes in operating expenses (including employee wages, benefits and training costs), property expenses and governmental and public policy changes. You are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager's current view of future events.

Investors should note that they will have no right to request the Manager to redeem or purchase their Units while the Units are listed on the Singapore Exchange Securities Trading Limited (the "SGX-ST"). It is intended that Unitholders may only deal in their Units through trading on the SGX-ST. Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

Overview of Singapore Office Sector

✓Singapore's CBD

- Comprises traditional areas of Raffles Place, Shenton Way/Robinson Road/Cecil Street as well as Marina Bay
- Many established global financial institutions and headquarters of MNCs are located in Marina Bay and Raffles Place, while Shenton Way/Robinson Road/Cecil Street is popular with professional services companies and other financial, insurance and real estate companies

✓Historical supply-demand conditions

- Annual island-wide demand for office space from 2004 – 2014 was about 1.4 million sq ft, compared to annual supply of 1.1 million sq ft over the same period. For 2015, island-wide demand was about 670,000 sq ft due to a contraction in demand from financial services, as well as the energy & commodities sectors.

Overview of Shanghai Office Sector

✓Puxi, the traditional business and commercial hub of Shanghai

- Key office and commercial districts within Puxi are concentrated in the Jing'an, Huangpu and Xuhui areas, which together form the traditional downtown CBD of Shanghai
- Puxi will continue to draw international retailers, service providers and MNC headquarters operations due to its good connectivity and excellent amenities, while Pudong's Lujiazui will increasingly cater to financial institutions due to policy and incentive-driven agglomeration

✓Historical supply-demand conditions

- The six main districts that make up Shanghai core CBD have a total Grade-A office stock of approximately 5.7 million sq m as at 4Q 2015
- Average new supply of Shanghai CBD Grade A office from 2010-2014 was 341,000 sq m, compared to average net demand of 389,000 sq m over the same period. In 2015, net demand was about 420,000 sq m, with net supply of about 400,000 sq m.
